AUTOMATION & SOLUTIONS

**MASTERING INDUSTRIAL AUTOMATION.
ALL YOUR NEEDS, ONE SOLUTION**

**ALL TYPES OF
PLC, HMI, VFD, SERVO & SCADA
PROGRAMMING & COMMISSIONING.**

ABOUT US

We are a leading industrial automation and control solutions provider, specializing in comprehensive services across a wide spectrum of technologies. With a deep understanding of modern industrial processes, we offer end-to-end solutions designed to optimize your operations, enhance efficiency, and ensure seamless production.

THE PROCESS CONTENT

- Technical feasibility study.
- System Engineering.
- Machine Sequence program development.
- User friendly operator console designing with HMI modules.
- Documentation of complete electrical wiring and software of any executed project

BUSINESS

Our Company undertakes full turnkey projects right from offering technical support to execution of projects for industrial applications. Panel Manufacturing, installation and commissioning for SPM, Industrial Robots, PLC's operating consoles.

Our Mission & Vission

MISSION

Our Mission is to provide our best possible solution for the industry. Also excel as one of the best turnkey automation project provider and robotics project providing company.

VISION

To redefine industrial automation by continually delivering cutting-edge, comprehensive solutions and becoming the industry's most trusted partner for turnkey automation and robotics projects worldwide.

OUR SERVICES

- All Types of PLC,HMI,VFD,SERVO & SCADA Programming & Commissioning.
- Programming as per Customer Requirement/Standard.
- Configuration & Communication of Various Type of Master/Slave Devices.
- On Site Programming & Troubleshooting Support.
- Line Maintenance and Production Support Contract.
- Online Remotely (Team Viewer) Support for PLC Logic.
- Line Programming Validate with Standard Check Sheet.
- Manufacturing different types of panels which include Power Distribution Panels,PLC Panels and MCC panels.
- We have been working on different PLC's such as MITSUBISHI, SIEMENS,OMRON,ALLEN BRADLEY,DELTA,SCHNEIDER & MESSUNG.
- Gauging Systems,STP,WTP,ETP installation & commissioning.
- Training Program for Maintenance Engineer & Fresher Engineer.
- Our company also provide manpower to the industries for maintenance purpose.
